

The humble beginnings of Granville lie in 1928 when Frans Huygens began building bicycle frames. From 1952, the year in which the one-man business was converted into a limited company, he built complete bicycles and called them "Ludo", after the name of his only son, who developed the regional wholesaler into a national top player.

Under the influence of grandson Johan, in the year 2000 the entire bicycle line, including the brand name, was completely rebranded. An initiative that was as daring as it was successful because in a very short time Granville became a great commercial success.

After 90 years we still build our bikes with the same dedication and passion. Carried by a corporate culture that places great importance on creativity, innovation and perfection. Because we want to offer an exceptional product that fully meets all your expectations in terms of comfort, safety, and riding pleasure. That's why we pay maximum attention to the right frame geometry and suspension in combination with high quality, maintenance-free, matched components.

The result is an authentic bike full of character with a beautiful line, a lot of allure and of an unprecedented class.

BELGIAN DEVELOPMENT

MADE HERE FOR YOU

As our R&D is located in Belgium, we can respond perfectly to the requirements of the local market and customers.

QUALITY & ERGONOMICS

Comfort and ergonomics are important to Granville. That is why we pay a lot of attention to the geometry of the frame. The qualitative finishing makes the bicycle complete.

E-ELEGANCE NEX BELT - 625Wh

Art. No.: WAVE: 415679 / UNISEX: 415680 / MAN: 415681
